

How to use this guide:

1 Look up the cc, model and year of your vehicle on the application pages that start on **page 11**.

EXAMPLE:

| MOTORCYCLE  | | | | | | |
|---|------------------|---------|-------------------|---|----------------|--------------|
| cc | Model | Year | Premium AGM | Premium AGM FACTORY ACTIVATED | CB Series | Conventional |
| HONDA | | | | | | |
| 1200 | GL1200 Gold Wing | '84-'87 | GTX24HL-BS | — | C50-N18L-A C** | — |

2 Find the batteries that fit your vehicle. See **page 1** for the differences between battery choices.

3 Need for information? See **pages 4-9** for:

- dimensions
- weight
- Amp Hour rating
- polarity
- terminal configurations
- specifications
