### EASY TO MAINTAIN FRONT TERMINAL BATTERY CONVERSION

GS BATTERY (U.S.A.) INC.'s MESA Cabinet Drawer Removal Kit upgrades MESA cabinet battery drawers to a cost effective, front access solution that eliminates the sticking and cable maintenance issues associated with drawer mechanics.

This kit is compatible with MESA2, MESA4, MESA6 series 98 and pre-98 cabinets and provides everything needed for a single drawer.

Each kit provides an aluminum floor, cabling, temperature switch units, and 2 strings of PYL12V90FS (-48V, 180Ah) batteries.

A Task Oriented Procedure with detailed instructions for both new and old style (1 or 8 battery connectors) drawers is also included.

Our PYL Series product line are long life VRLA batteries that are UL94 V-0 flame retardant, GR-4228 certified, and UL recognized.
